QUALITY

Westerns were irregular. Nuwara Eliyas together with the Uda Pussellawas showed a decline, whilst the Uvas were barely maintained. Low Grownns were lower to last.

COMMENTS

The 5th sale of the year completing the first month of trading at the Colombo Auction had on offer a total of 5.0 M/Kgs. There was less demand and a firm to easier trend for most teas on offer.

Ex-Estate offerings which totalled 0.75 M/Kg saw a slight decline in quality over the previous week.

Consequently, the better Western BOP/BOPF's sold at firm to dearer rates, whilst the others declined by up to Rs. 100 per kg and more. Perhaps an unanticipated decline considering the lower volumes in the sales ahead.

In retrospect, the decline in prices would be a price correction owing to the overall product quality and less interest from some key importers due to the arrival of cargo at destinations ahead of schedule.

High & Medium CTC teas in the higher price bracket witnessed a similar trend, whilst teas at the lower end were somewhat maintained subject to quality. The limited availability of Low Grown's sold well.

Improved activity from the local trade and perhaps South Africa helped to stabilise prices to some extent.

Off Grade varieties followed a similar trend in price movement as of the Ex-Estate teas, whilst the primary Dust varieties with the exception of the CTC types witnessed a firm to irregular trend.

Low Grown's comprised of 2.2 M/Kgs. Leafy and Semi Leafy catalogues met with fair demand. However, the Small Leaf and Premium catalogues continued to decline. Shippers to Iran were very selective, whilst shippers to Türkiye and Russia were fairly active.

In the Leafy & Semi Leafy catalogues, Select Best OP1/BOP1's maintained, whilst the balance were easier. Well-made OP/OPA's were firm, whilst the others were marginally easier. PEK/PEK1 in general were firm, whilst the bolder varieties declined marginally.

In the Tippy catalogues, select Best FBOP's were firm on special inquiry, whilst the others declined. However, teas at the bottom sold around last levels. FF1's in general were easier, whilst the teas at the bottom were firm.

In the Premium catalogues, very Tippy teas together with the Best and Below Best varieties declined, whilst the teas at the bottom were firm.

CTC LEAF: 51,808 packages of Current Season teas on offer met with less demand at irregular rates.

BROKENS: A few clean Brokens met with good demand and were generally firm. Medium varieties were again less in demand and prices declined following quality with some withdrawals. Plain Brokens continued to meet with a selective demand and sold at lower rates with heavier withdrawals. BLF teas met with a little less interest and witnessed more withdrawals.

FANNINGS: A few bright Fannings available met with quite a strong demand and were generally firm to occasionally dearer in line with quality whilst other varieties although met with fair demand saw a decline in price with fair withdrawals. Plain types elicited less demand and again declined in rates. There were also more withdrawals in this category. BLF teas met with a little less interest and witnessed more withdrawals.

CTC DUST: 12,027 packages of Current Season teas on offer met with a fair demand . A few bright liquoring Dusts met with a fairly strong demand and sold at around last levels. Other good Dusts met with fair interest but were a little easier. Mediums met with very little competition and declined further with more withdrawals. Plain and BLF Dusts were again an easier market with fair withdrawals. Blenders lent good support with fair interest from the Loose tea buyers.
