COMMENTS

Auction No. 13, which brings to the end the first quarter of 2021, was concluded today and had on offer a total of 6.5 M/Kgs. Tea prices which have been buoyant over a considerable period of time (spanning over 10 months) took a correction this week, with prices declining by Rs. 20-30 per kg and more for most varieties of tea on offer notwithstanding the Sri Lankan Rupee recording its lowest against the US Dollar, as the selling rate of the US Dollar closes at Rs. 202.04 per USD. Perhaps a combination of annual stock taking, devaluation of currencies in some key importer countries, the intervening holidays on account of Easter and Sinhala/Tamil New Year, and in anticipation of an increase in auction offerings.

Ex-Estate offerings comprised of a fairly similar volume and totalled 1.0 M/Kgs. Quality of offerings from the Western Planting districts showed a general decline with fewer seasonal flavoury teas on offer. Consequently, with the exception of a few select BOP invoices, most Western BOP/BOPF's in the high price bracket declined by Rs. 30-50 per kg and more. In the Below Best category, BOP/BOPF's decline Rs. 20-30 per kg. Plainer BOP's were generally firm, whilst the corresponding BOPF's declined Rs. 10-20 per kg. Nuwara Eliyas continued to sell well at fairly attractive price levels, which was indeed encouraging. Uda Pussellawa BOP/BOPF's were barely steady. Uva's - Few select BOP invoices appreciated following special inquiry, whilst the others declined Rs. 20-30 per kg and more. Corresponding BOPF's - better sorts were Rs. 30-40 per kg lower, whilst the others were Rs. 10-20 per kg lower.

High and Mid Grown CTC teas continued to witness a bearish sentiment and often declined up to Rs. 20 per kg. Low Grown were firm and Rs. 10-20 per kg lower.

Low Grown comprised of 2.9 M/Kgs in the Leafy/Semi Leafy and Tippy catalogues. There was fair general demand at lower levels and consequently, an increased volume of unsold teas.

Select Best BOP1/OP1's were firm, whilst the balance declined. A selection of well-made OP/OPA's sold around last levels, whilst the balance were lower. Well-made PEK/PEK1's were firm, whilst the others declined sharply with many invoices remaining unsold due to a lack of suitable bids.

In the tippy catalogues, well-made FBOP's in general were firm to selectively dearer, whilst the Below Best together with bolder varieties declined. However, teas at the bottom were firm on last. Few select Best FF1's sold around last levels, whilst the balance together with Best declined. However cleaner varieties in the Below Best and bottom categories were fully firm, whilst the balance eased.

In the Premium catalogues, very Tippy teas continued to attract good demand. Best and cleaner Below Best were firm on last, whilst the balance were irregular following quality.
